I like the diversity of the levels and their accompanying music which makes a very cool atmosphere.. A challenging, but fun, little game. 11/10 would die again.. Good game ;). This game was very cool! I like the diversity of the levels and their accompanying music which makes a very cool atmosphere.. great classic NES style game. can be difficult, but gets easier with persistence. the only negative is it only takes a couple hours to get through, and thats if you are as bad at it as i was.. shoot angels to save the world, this game is satanically fun
